

CPM/BI TECHNICAL CONSULTANT CORPORATE PERFORMANCE MANAGEMENT & BUSINESS INTELLIGENCE

We are urgently looking for passionate professionals in various roles to lead and support our growing IFS Applications™ (IFSworld.com) businesses in Thailand and Southeast Asia region. IFS is a globally recognized leader in ERP, EAM and enterprise software solutions with local presence in 50+ countries worldwide. IFS focuses on industries where any of these four core processes are strategic: projects, manufacturing, supply chain, service & asset management.

You will be an essential part of a cross-functional project team delivering industry leading solutions to help clients be more agile and prepare for what's next in their industry.

Planet Navapipat is a member of Planet T & S Group and is IFS authorized channel partner.

JOB OBJECTIVE

As a CPM/BI Technical Consultant, you are responsible for the design and development of technical solution of IFS Enterprise Operational Intelligence (IFS EOI). In this role, you will interact closely with IFS clients and IFS EOI Business Consultant to develop object model, reports, portal pages, cubes and ETL as needed to support client project delivery.

RESPONSIBILITIES

- Create, develop and maintain CPM/BI and analytics solutions with IFS EOI
- Work closely with IFS EOI business consultant to map client requirements in IFS EOI model engine, data engine and execution engine
- Responsible for IFS EOI technical delivery from data warehouse design, metadata object modeling, data integration, solution customizations, deployment and release management
- Support business development activities such as proof of concept solutioning, presales customer engagement, marketing support

QUALIFICATIONS

- Project experience as a BI solution architect, BI developer or equivalent roles
- Experience with SSIS, SSAS, SSRS, Power BI, C#, and related Microsoft technologies
- Prior product experience with IFS EOI is not required, product training and support will be provided
- Experience with Azure IoT and Machine Learning would be a plus
- Good command of both spoken and written English

Opening positions available for both full-time and part-time project based engagements.
